Mr. Villalpando

October 28th, 2020

Hello Raptor Families,

Around 4 pm today, all our student schedules for our In-Person 5 Day program were sent out to families. If you did not receive your child's schedule, please contact the front office to learn your child's teacher. All our students in the Champions Program will get a message from Director Vincent about your child's teacher.

We want to thank you for your patience and understanding as we worked with the district to get these rosters completed. We did have 4 of our Raptor Teachers move to the Champions Program. We want to reassure you that our students and teachers who are in the **Champions Program will remain Raptors!** You will still receive our messages and be part of all future school events and memories.

As for our students and families who will be returning to our **5-Day In-Person Program**, you will see that we did have some student movement and changes in class combinations. We understand that change is not easy for anyone involved. I do want to let you know that as a team, we will do the following to support you and your child through this transition:

- Our Raptor Squad is a close-knit community who will work together to ensure we create a web of support around all our kids and families
- We will devote time and energy to building community, culture, and belonging to our new community
- We will have students in grade cohorts to give them access to classmates from another class
- Teachers will share student data, best practices, and support, as well as what they know about your child to keep your child moving in a positive and supportive direction

Please know that we are all here to create a smooth, supportive, and most importantly safe transition back to school for everyone. If you have any questions, thoughts, ideas, or concerns please feel free to contact me.

Remember That Together Anything is Possible!
